PLEASE READ THEM CAREFULLY TO ENSURE FULL UNDERSTANDING BEFORE PROCEEDING, AS THEY MAY CONTAIN ADDITIONAL RESTRICTIONS ON YOUR USE OF THE SOFTWARE. PLEASE DIRECT ANY QUESTIONS TO THE MICRO FOCUS LEGAL DEPARTMENT AT LEGALDEPT@MICROFOCUS.COM.** IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS OF THIS LICENSE AGREEMENT, YOU WILL NOT BE AUTHORIZED TO USE THE LICENSED SOFTWARE. BY CLICKING THE ACCEPT BUTTON OR SIMILAR ACCEPTANCE MECHANISM DURING INSTALLATION, OR BY COPYING OR USING THE LICENSED SOFTWARE, LICENSEE ACKNOWLEDGES THAT IT HAS READ THIS LICENSE AGREEMENT, UNDERSTOOD IT, AND AGREED TO BE BOUND BY ITS TERMS AND CONDITIONS. THE LICENSED SOFTWARE IS LICENSED NOT SOLD.

For this End User License Agreement ("License Agreement") the following terms shall have the meanings given below:

"Documentation" means the Licensor user documentation that is included with the Licensed Software.

"Licensee" means the single legal entity or person that rightfully acquires the Licensed Software from Licensor or from a distributor or reseller of Licensor.

"License Options" means those license options set forth in Annex 1 to this License Agreement.

"Licensor" means Micro Focus Software, Inc.

"Licensed Software" means the object code version of the Licensor computer program(s) listed above, their Documentation, and other supplemental materials, as provided to Licensee by Licensor, including but not limited to any software security keys relating thereto. The Documentation may be delivered electronically and may only be available in the English language. The Licensed Software will be accompanied by a license key where required for activation and use of the Licensed Software. The Licensed Software shall also include, and this License Agreement shall govern the use of any update to the Licensed Software that Licensee receives pursuant to a separate support and/or maintenance purchase as described in Section 6 below, unless such update contains or comes with a different end user license agreement, in which case such end user license agreement shall supersede this License Agreement and govern the use of such software license without need for a mutually executed amendment to this License Agreement as set forth in Section 17 of this License Agreement. This License Agreement does not grant Licensee the right to any updates to the Licensed Software unless provided by Licensor under Section 6 and/or Section 7 below.

"Product Order" means a document that has been (i) executed by Licensee describing each Licensed Software license to be purchased, and (ii) accepted by Licensor. Licensor will accept the Product Order by either confirming Licensor's acceptance in writing or by delivering the Licensed Software to Licensee, whichever occurs first. A Product Order may also mean a written quote, or if referred to as such, a solution order, issued by Licensor describing each Licensed Software license purchased that is accepted by Licensee within the validity period of the quote either by Licensee executing and returning the quote or a solution order, to Licensor, by Licensee issuing a purchase order or other written confirmation of acceptance to Licensor in conformance with the quote, and/or by Licensee paying to Licensor all fees set forth in the quote. Each Product Order shall constitute a separate agreement and shall incorporate therein this License Agreement. In the event of any conflict between the terms and conditions of this License Agreement and the terms and conditions of any Product Order, the conflicting terms and conditions of the Product Order shall govern. In no event shall any terms and conditions contained in a purchase order or similar document issued by Licensee in connection with this License Agreement or with a Product Order apply and any such document issued shall be only for the administrative purposes of identifying the Licensed Software ordered, the number of licenses, and the price to be paid and shall have no other legal effect. Licensor for purposes of this paragraph shall mean Licensor or, if applicable, one of Licensor's authorized resellers from whom Licensee purchases the Licensed Software, provided however that any conflicting or additional terms in a Product Order accepted by an authorized reseller of Licensor shall have no effect unless such terms have been agreed by Licensor in writing.

"Warranty Period" means a period of ninety (90) days from delivery of the Licensed Software to Licensee.

1 **GRANT OF LICENSE; LICENSE CONDITIONS.** For payment of the applicable non-refundable license fees identified on the Product Order and subject to Licensee's compliance with the terms and conditions set forth in this License Agreement, Licensor grants solely to Licensee, as an end user, a personal, perpetual (unless a subscription/term license has been purchased by Licensee), non-transferable, non-sublicensable and non-exclusive license to use the Licensed Software **solely for its own internal use and benefit.** Licensee's use and operation of the Licensed Software and the license grant provided to the Licensed Software is subject to Licensee being in possession of a valid license key where required for the Licensed Software to run. Licensee agrees that Licensor is not liable or responsible for lost or broken license keys or media or the provision of replacement license keys or media and/or new license keys or media unless Licensee is current on support and maintenance for the applicable license and then only to the extent set forth in the applicable annual support and/or maintenance agreement and only to the extent Licensor then has sufficient rights from any applicable third party suppliers, if necessary, to provide such replacement. If not current on support and maintenance for the applicable license, replacement or new license keys or media may be available for purchase at Licensor's then current list fees for applicable new licenses.

Different License Options are available from Licensor as set forth or referred to in Annex 1. The applicable License Option and license count to be purchased by Licensee for the Licensed Software shall be identified in the Product Order or otherwise identified in writing by Licensor. Licensed Software is also subject to additional terms and conditions as set forth in the "Specific Software Terms" located in Annex 2. Any conflicting terms and conditions shall be resolved according to the following order of precedence: Annex 2, Annex 1, and the main body of the License Agreement.

- 2 **USE RESTRICTIONS.** Except as may be otherwise specifically permitted in Annex 1 or Annex 2 to this License Agreement, Licensee agrees not to:
- 2.1 Copy and/or distribute the Licensed Software, in whole or in part, for internal use without paying Licensor the applicable additional fees required by Licensor, except (i) for making a reasonable number of archival back-up copies; or (ii) as expressly authorized by Licensor in writing; or (iii) for making a reasonable number of copies of the Documentation supplied to Licensee by Licensor in electronic form. Licensee shall reproduce and affix all copyright and other proprietary rights notices appearing in or on the Licensed Software, including notices of all third party suppliers.
 - 2.2 Use the Licensed Software for timesharing, facilities management, outsourcing, hosting, service bureau use, or for providing other application service (ASP) or data processing services to third parties or for like purposes.
 - 2.3 Modify the Licensed Software or provide any person with the means to do the same.
 - 2.4 Create derivative works of the Licensed Software, or translate, disassemble, recompile or reverse engineer the Licensed Software or attempt to do so (except to the extent applicable law specifically permits such activity).
 - 2.5 Alter, destroy, or otherwise remove any proprietary notices or labels on or embedded within the Licensed Software or Documentation.
 - 2.6 Use the Licensed Software in a manner other than as specifically permitted in this License Agreement.
- 3 **AUDITS.** Licensor or an Auditor (as defined below) has the right to verify Licensee's compliance with this License Agreement (and please see Micro Focus License Compliance Charter - <http://supportline.microfocus.com/licensing/licVerification.aspx>). Licensee agrees to:
- A. Implement internal safeguards to prevent any unauthorized copying, distribution, installation, or use of, or access to, the Licensed Software and associated support and maintenance, or breach of the terms or conditions of this License Agreement;
 - B. Take all necessary steps to destroy or erase all Licensed Software codes, programs and other proprietary information before disposing of any media containing the Licensed Software;
 - C. Keep records sufficient to certify Licensee's compliance with this License Agreement including serial numbers and license keys of the Licensed Software, hypervisor logs where applicable, and the location, model (including quantity and type of processor) and serial number of all machines on which the Licensed Software is installed or from which the Licensed Software is accessed, and the names (including corporate entity) and number of users that are accessing the Licensed Software, and, upon request of Licensor, provide and certify metrics and/or reports based upon such records and account for, among other things, numbers of copies (by product and version) and network architectures as they may reasonably relate to Licensee's licensing and deployment of the Licensed Software and associated support and maintenance;
 - D. Upon Licensor's request, Licensee shall furnish Licensor or an independent auditor chosen at Licensor's sole discretion ("Auditor"), within seven (7) days of the request, with a completed questionnaire provided by Licensor or the Auditor, and with a written statement, in a format required by Licensor, signed by a director of Licensee, certifying the accuracy of any information provided;
 - E. Allow a Licensor representative or an Auditor to inspect and audit Licensee's computers and records, during Licensee's normal business hours, for compliance with the licensing terms for Licensor's software products and associated maintenance. Upon Licensor's (and Auditor's if applicable) presentation of their signed written confidentiality statement form, Licensee shall fully cooperate with such audit and provide any necessary assistance and access to records and computers; and
 - F. In the event that Licensee has or at any time has had unlicensed installation, use of, or access to the Licensed Software or has otherwise breached the license granted (a "Non-Compliance"), without prejudice to any other rights or remedies Licensor may have, including without limitation injunctive relief, Licensee shall, within thirty (30) days, purchase sufficient licenses and or subscriptions and associated support and maintenance to cure the Non-Compliance, without benefit of any otherwise applicable discount, by paying Licensor's current (as of the date of such additional purchase) list license fees and 12-month support and maintenance fees to Licensor for such additional licenses, plus Licensor's current (as of the date of such additional purchase) list term license and support and maintenance fees and interest (compounded at 1.5% monthly or the maximum rate permitted by applicable law if lower) for such additional licenses for the time period from the commencement of the Non-Compliance until payment of the aforementioned fees. The aforementioned interest shall be payable even if an invoice was not issued at the time the Non-Compliance commenced. If a material license shortfall of 5% or more is found, Licensee shall also reimburse Licensor for the reasonable cost of such audit in addition to other amounts due. The obligations in this Section 3 shall apply to both Licensee's Non-Compliance and any third party's Non-Compliance.
- 4 **DOCUMENTATION.** One (1) electronic copy of Licensor's standard Documentation, describing Licensor's recommended use and application of the Licensed Software, will be furnished or made available on Licensor's website free of additional charge to Licensee by Licensor with the Licensed Software. Printed copies of any Documentation may be available for purchase from Licensor or its authorized distributors. Additional copies of standard Documentation may be available on Licensor's website.
- 5 **TERM OF LICENSE.** This License Agreement and Licensee's license for the Licensed Software is perpetual, unless a subscription/term license has been purchased by Licensee (in which case the term of the license shall be as set forth in the Product Order, specified in Annex 1 or Annex 2, or as otherwise agreed in writing between the Licensee and Licensor), and is subject to earlier termination as provided in this Section 5. If Licensee has purchased a subscription/term license, Licensee's license to the Licensed Software shall automatically terminate upon expiry of such subscription/term. Licensor may terminate this License Agreement and Licensee's license to the Licensed Software immediately by giving Licensee written notice of termination in the event that either (i) Licensee breaches any term or condition of this License Agreement and Licensee has failed to remedy such breach within ten (10) days of the date of notice from Licensor to Licensee or (ii) Licensee is wound up, has a receiver appointed or has applied for or enters into liquidation or bankruptcy or analogous process or processes. Termination shall be without prejudice to any other rights or remedies Licensor may have. In the event of any termination Licensee will have no right to keep, access, or use the Licensed Software or any copy of the Licensed Software for any purpose and Licensee shall destroy and erase all copies of such Licensed Software in its possession or control, and forward written certification to Licensor that all such copies of Licensed Software have been destroyed or erased. Termination shall not entitle the Licensee to any refund or reimbursement of any kind of previously paid fees. The rights and obligations of the parties contained in Sections 3, 8, 9, 10, 11, 12, and 13, and other sections that by their nature are intended to survive, will survive the termination or expiration of this License Agreement.

- 6 **SUPPORT AND MAINTENANCE.** Where Licensee purchases support and/or maintenance services, Licensee's initial support and/or maintenance term will begin upon delivery to Licensee of the Licensed Software and continue for one (1) year thereafter (or the length of the term if less than a year for any subscription/term license) unless otherwise specified in the applicable annual support and/or maintenance agreement, Product Order, or other written agreement executed between Licensor and Licensee. Where Licensee purchases support and/or maintenance for any Licensed Software, Licensee hereby agrees that it shall purchase such support and/or maintenance services for all of Licensee's licensed units of such Licensed Software product. Support and/or maintenance services provided by Licensor will be subject to Licensor's then current applicable standard annual support and/or maintenance agreement unless otherwise agreed by the parties in writing.
- 7 **LIMITED WARRANTY.** Licensor warrants for the Warranty Period (i) that if the Licensed Software is supplied via media, then the media will be free from defects in materials or workmanship under normal use and (ii) that the copy of the Licensed Software delivered to Licensee conforms in all material respects to the Documentation. As the sole and exclusive remedy for not meeting part (i) of the above warranty, Licensor's sole obligation shall be to repair or replace free of charge any defective media on which the Licensed Software is delivered if the media is returned to Licensor by Licensee during the Warranty Period. As the sole and exclusive remedy for not meeting part (ii) of the above warranty, Licensor shall repair or replace the Licensed Software free of charge so that it conforms with the warranty or, if Licensor reasonably determines that such remedy is not economically or technically feasible, Licensee shall be entitled to a full refund of the license fee and any maintenance fee paid by Licensee with respect to that particular Licensed Software. Upon such refund Licensee's license to use such Licensed Software will terminate. The warranty set forth in this Section 7 shall not apply if the defect in the Licensed Software is the result of: (a) the Licensed Software not being used in accordance with the Documentation, this License Agreement or with the platform(s) for which the Licensed Software has been designed and licensed by Licensor; or (b) the Licensed Software having been altered, modified or converted by Licensee or any third party except as may be specified in the Documentation; or (c) the malfunctioning of Licensee's equipment; or (d) accident or abuse; or (e) service by any unauthorized person; or (f) other software used by Licensee which has not been provided by Licensor or for which the Licensed Software is not designed and licensed for operation; or (g) Third Party Software (as defined herein); or (h) any other cause occurring after initial delivery of the media to Licensee unless caused directly by Licensor. The foregoing states the complete and entire remedies that Licensee has under this warranty. Licensor shall have no responsibility for any warranty claims made outside of the Warranty Period. The foregoing warranty shall not apply to any free-of-charge Licensed Software including updates, though issues with such software may be eligible for support under applicable support terms and conditions.
- 8 **DISCLAIMER OF WARRANTY.** The Licensed Software cannot be tested in every possible operating environment, therefore Licensor does not warrant that the functions contained in the Licensed Software will meet Licensee's requirements, that operation of the Licensed Software will be uninterrupted, or that the Licensed Software is error free. EXCEPT AS SET FORTH HEREIN AND TO THE EXTENT PERMITTED BY LAW, ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED ON THE PART OF LICENSOR AND ITS THIRD-PARTY SUPPLIERS. Licensee acknowledges that Licensee is responsible for the selection of the Licensed Software to achieve Licensee's intended results and for the installation and/or use of, and results obtained from, the Licensed Software.
- 9 **LIMITATION OF LIABILITY.** ANY LIABILITY OF LICENSOR SHALL BE LIMITED IN THE AGGREGATE TO THE AMOUNTS PAID BY LICENSEE FOR THE LICENSED SOFTWARE GIVING RISE TO THE APPLICABLE CLAIM. THIS LIMITATION APPLIES TO ALL CAUSES OF ACTION, INCLUDING WITHOUT LIMITATION BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY, MISREPRESENTATION AND OTHER TORTS. IN NO EVENT SHALL LICENSOR BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SIMILAR DAMAGES NOR FOR ANY LOSS OF PROFITS, CONTRACTS, DATA, OR PROGRAMS, OR THE COST OF RECOVERING SUCH DATA OR PROGRAMS, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE. LICENSOR'S LIMITATIONS OF LIABILITY ARE NOT CUMULATIVE. LICENSEE'S REMEDIES IN THIS LICENSE AGREEMENT ARE LICENSEE'S EXCLUSIVE REMEDIES.
- NONE OF LICENSOR'S THIRD-PARTY SUPPLIERS SHALL BE LIABLE FOR ANY INJURY, LOSS OR DAMAGE, WHETHER DIRECT, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL NOR FOR ANY LOSS OF PROFITS, CONTRACTS, DATA, OR PROGRAMS, OR THE COST OF RECOVERING SUCH DATA OR PROGRAMS, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE.
- LICENSEE AGREES THAT, IN ENTERING INTO THIS LICENSE AGREEMENT, EITHER IT DID NOT RELY ON ANY REPRESENTATIONS (WHETHER WRITTEN OR ORAL) OF ANY KIND OTHER THAN THOSE EXPRESSLY SET OUT IN THIS LICENSE AGREEMENT, OR IF IT DID RELY ON ANY REPRESENTATIONS, THAT IT SHALL HAVE NO REMEDY AGAINST LICENSOR IN RESPECT OF SUCH REPRESENTATIONS.
- LICENSEE FURTHER ACKNOWLEDGES THAT THE LIMITATIONS OF LIABILITY IN THIS SECTION ARE AN ESSENTIAL ELEMENT OF THIS LICENSE AGREEMENT AND THAT, IN THE ABSENCE OF SUCH LIMITATIONS, THE PRICING AND OTHER TERMS AND CONDITIONS SET FORTH HEREIN WOULD BE SUBSTANTIALLY DIFFERENT.
- NEITHER THIS LICENSE AGREEMENT NOR ANYTHING IN THIS SECTION 9 SHALL EXCLUDE OR RESTRICT THE LIABILITY OF LICENSOR OR ITS THIRD-PARTY SUPPLIERS TO ANY EXTENT NOT PERMITTED BY LAW.
- 10 **HIGH-RISK USES.** The Licensed Software is not fault tolerant, nor designed, manufactured or intended for use in hazardous environments requiring fail-safe performance (including, without limitation, the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems) in which failure of the Licensed Software could lead directly or indirectly to death, personal injury or severe physical or environmental damage. Licensor and its suppliers shall have no liability for any use of the Licensed Software in any high-risk situations.
- 11 **OWNERSHIP.** Licensor (or its affiliates) and where applicable Licensor's third party suppliers have and will retain all ownership rights to the Licensed Software, together with any complete or partial copies thereof. Such ownership rights include without limitation all patent rights, copyrights, trademarks, trade secrets, service marks, related goodwill, and confidential and proprietary information relating thereto. This License Agreement does not convey any proprietary interest to Licensee with respect to the Licensed Software other than the license specified herein.
- 12 **THIRD PARTY SOFTWARE AND COMPONENTS.** The Licensed Software may come with and/or require certain named third party software programs that Licensee shall license directly from the third party subject to such third party's terms and conditions (for example Adobe Acrobat or Microsoft Internet Explorer) ("Third Party Software"). Any Third Party Software is provided by the licensor of

the Third Party Software solely under a direct license between such third party and Licensee under such third party's terms and conditions. Therefore the obligations, duties and rights of Licensor and Licensee under this License Agreement do not apply to such Third Party Software. Additionally, Licensor has embedded in some Licensed Software certain run time or other elements provided by third party suppliers ("Third Party Components"). Such Third Party Components may also be loaded on the Licensed Software media. Third Party Components are licensed to Licensee pursuant to this License Agreement. Third Party Components may also include open source software, details of which (where applicable) may be found (i) in a file accompanying the applicable Licensed Software or (ii) in the applicable Documentation. Licensee may only access Third Party Components of the Licensed Software in the course of using the Licensed Software. Licensee may not make or attempt any direct access to any such Third Party Components other than with the Licensed Software. All limitations, restrictions and obligations applicable to the Licensed Software set forth in this License Agreement shall apply to Licensee's use of the Third Party Components. The Third Party Software and Third Party Components are the property of its respective third party supplier to Licensor. Such third party suppliers own all copies of the Third Party Software and Third Party Components, however made. Licensee agrees not to contest the ownership of the Third Party Software and Third Party Components nor use any trademark or service mark belonging to such third party suppliers. Licensee agrees that such third party suppliers are intended third party beneficiaries of all terms and conditions of this License Agreement intended to protect intellectual property rights in the Licensed Software (including the Third Party Components) and limit certain uses thereof. Nothing in this License Agreement shall restrict, limit or otherwise affect any rights or obligations Licensee may have, or conditions to which Licensee may be subject, under any applicable open source licenses to any open source code contained in the Licensed Software.

- 13 **NOTICE TO U.S. GOVERNMENT END USERS.** The Licensed Software and Documentation are deemed to be "Commercial Items," as defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation," as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7207, as applicable. Consistent with such sections, the Licensed Software and Documentation are licensed to U.S. Government end users (i) only as Commercial Items, and (ii) with only those rights as are granted pursuant to this License Agreement. Manufacturer is Micro Focus (US), Inc., 700 King Farm Blvd., Suite 125, Rockville, MD 20850 as or on behalf of Licensor.
- 14 **LICENSE FEES AND PAYMENT TERMS.** Licensee agrees to pay the applicable end user license fees for the Licensed Software within thirty (30) days of the date of invoice or such other date as agreed in writing by the parties. End user license fees are non-refundable except as provided in Section 7 above, or in the Specific Software Terms below, and shall be paid without deduction, including without limitation, of any withholding tax. End user license fees are exclusive of any applicable transportation charges, value added and other applicable taxes and duties and all such amounts shall be paid or reimbursed by Licensee. Outstanding past-due amounts shall accrue interest at the rate of 1.5% per month compounded or, if lower, the maximum rate allowed by applicable law. Licensee shall be liable for any such interest and all related collection costs, whether or not an action has been filed. Licensor may decline to enter into any additional Product Orders if any such past-due balance, interest and collection costs are not paid.
- 15 **RELATED SERVICES.** Licensee shall be responsible for obtaining and installing all proper hardware and support software (including operating systems) and for proper installation and implementation of and training concerning the Licensed Software. In the event that Licensee retains Licensor to perform any services with respect to the Licensed Software (for example: installation, implementation, maintenance, consulting and/or training services), Licensee and Licensor agree that such services shall be subject to Licensor's then current standard terms, conditions and rates for such services unless otherwise agreed in writing by Licensor.
- 16 **PRIVACY.** If the Licensed Software contains features that may allow Licensee to collect data from, control and/or monitor computers running the Licensed Software deployed by Licensee without notice to or knowledge by users of the Licensed Software, then: (i) Licensee is solely responsible for, and assumes all liability with respect to, the collection of data with respect to its users of the Licensed Software including, without limitation, notifying such users and complying with all data collection, privacy and other regulations, laws, industry standards and rights of others applicable to any such activity; and (ii) Licensee shall indemnify and hold Licensor harmless from and against any damages, claims, losses, settlements, attorneys' fees, legal fees and court costs and other expenses related to any such activities or any claims in connection therewith. To the extent permitted by law, by entering into this License Agreement, Licensee hereby expressly consents to (i) Licensor sending information to Licensee from time to time advertising the various products that Licensor provides, whether or not such products are provided under this License Agreement; (ii) the use of Licensee's name in Licensor customer lists, promotional materials and/or press releases; and (iii) the collection and use by Licensor of information about the computer system on which the Licensed Software is installed (e.g. product version, serial number) for internal security and licensing purposes; Licensor does not use this information to identify individuals utilizing such software.
- 17 **MISCELLANEOUS.** Licensor may assign this License Agreement (in whole or in part) to any member of Licensor's group of companies or to a purchaser of the intellectual property rights in the Licensed Software, but otherwise neither this License Agreement nor any rights hereunder may be assigned (any change of control merger, sale or other transfer of all, or substantially all, of the assets of Licensee shall be included in the meaning of an assignment) nor duties delegated by either party, and any attempt to do so will be void.

If Licensee acquires the Licensed Software in North America, the laws of the state of Utah govern this License Agreement and the licenses granted hereunder and the parties hereto consent and agree that they shall be subject to the exclusive jurisdiction of the State and/or Federal courts sitting in the State of Utah in any action based on this License Agreement or concerning the licenses granted, or the products licensed, hereunder. Each party waives any right it may have to object to such venue, including objections based on personal jurisdiction or forum non conveniens (inconvenient forum). The parties agree that the Uniform Computer Information Transaction Act or any version thereof, adopted by any state, in any form ("UCITA"), shall not apply to this License Agreement. To the extent that UCITA is applicable, the parties hereby opt out of the applicability of UCITA pursuant to the opt-out provision(s) contained therein. If Licensee acquires the Licensed Software in France, Germany or Japan, this License Agreement is governed by the laws of the country in which Licensee acquired the Licensed Software. In the rest of the world the laws of England govern this License Agreement. The aforesaid applicable law shall apply without regard to conflicts of laws provisions thereof, and without regard to the United Nations Convention on the International Sale of Goods. Other than for North American transactions, this License Agreement, the licenses granted hereunder, and the parties hereto, shall be subject to the exclusive jurisdiction of the courts of the country determining the applicable law as aforesaid. In the event of a dispute, the prevailing party shall have the right to collect from the other party its reasonable costs and necessary disbursements and attorneys' fees incurred in enforcing this License Agreement.

This License Agreement is in addition subject to any United States, United Kingdom or European Union laws, regulations and other restrictions regarding export or re-export of computer software and technology. Licensee agrees not to export or re-export any Licensed

Software or derivative thereof in contradiction to any such applicable restriction. In particular but without limitation, Licensee acknowledges that Licensor's products and/or technology are subject to the U.S. Export Administration Regulations (the "EAR") and Licensee agrees to comply with the EAR. Licensee will not export or re-export Licensor's products, directly or indirectly, to: (1) any countries that are subject to US or applicable export restrictions; (2) any end user who Licensee knows or has reason to know will utilize Licensor's products in the design, development or production of nuclear, chemical or biological weapons, or rocket systems, space launch vehicles, and sounding rockets, or unmanned air vehicle systems; or (3) any end user who has been prohibited from participating in export transactions by any applicable agency of government. By downloading or using the Licensed Software, Licensee is agreeing to the foregoing and Licensee is representing and warranting that Licensee is not located in, under the control of, or a national or resident of any such country or on any such list.

Licensor may identify Licensee by name and/or logo as a licensee of Licensor for investor relations, analyst relations, and public relations purposes, and in online and printed sales and marketing materials. Any other use of Licensee's name or logo, or a description of Licensee's use of the Licensed Software, shall be subject to Licensee's prior consent. Within eight (8) weeks after installation of the Licensed Software, upon Licensor's written request Licensee will provide Licensor with input to a written description of Licensee's use of the Licensed Software including details of the business challenge, software solution, and results realized from the installation of the Licensed Software. The input shall be provided by a representative of Licensee (who is knowledgeable of the Licensed Software and its performance after installation) during a meeting with a representative of Licensor (at a reasonable time to be agreed by the parties). The meeting may be conducted by telephone. This input may be used internally within Licensor and in confidential sales situations. Any other use of this input shall be subject to Licensee's prior consent.

Except for the Product Order, this License Agreement is the complete and exclusive statement of agreement between the parties relating to the license for the Licensed Software and supersedes all proposals, communications, purchase orders, and prior agreements, verbal or written, including without limitation prior end user license agreements in relation to the Licensed Software between the parties and end user license agreements embedded in such Licensed Software. No employee, agent, or representative of Licensor has the authority to bind Licensor to any oral representation or warranty concerning the Licensed Software. No representation or statement not expressly contained in this License Agreement nor any supplement, modification, or amendment of this License Agreement will be binding on either party unless executed in writing by a duly authorized representative of Licensor and Licensee (excluding any distributor or reseller of Licensor) to this License Agreement. No waiver of any right under this License Agreement will be effective unless in writing, signed by a duly authorized representative of the party to be bound (excluding any distributor or reseller of Licensor).

No waiver of any past or present right arising from any breach or failure to perform will be deemed to be a waiver of any future right arising under this License Agreement. If any provision in this License Agreement is invalid or unenforceable, that provision will be construed, limited, modified or, if necessary, severed, to the extent necessary, to eliminate its invalidity or unenforceability, and the other provisions of this License Agreement will remain unaffected. Each party acknowledges that in entering into this License Agreement it has not relied on any representations, agreements, warranties or other assurances (other than those repeated in this License Agreement and the Product Order) and waives all rights and remedies which but for this section 17 would be available to it. Nothing in this section 17 excludes liability for fraudulent misrepresentation.

If Licensee is situated in Italy, by placing or executing a Product Order, Licensee declares to have read and to have explicitly approved the following clauses of the License Agreement: 5. Term of License, 6. Support and Maintenance, 7. Limited Warranty, 8. Disclaimer of Warranty, 9. Limitation of Liability, 10. High-Risk Uses, 16. Privacy, 17. Miscellaneous, Annex 1, and Annex 2.

ANNEX 1, LICENSE OPTIONS

"User" means a user object in a single directory tree (or other class of object that contains data representing a person, such as objects containing credit card information or PIN numbers) that has (a) access or use rights to any portion of the Licensed Software, or (b) access or use rights to products (devices, hardware, or software) being managed by the Licensed Software, regardless of whether the user object is assigned to a person or device. User objects (or other classes of objects) representing the same person that are linked to each other within a single tree and/or linked across multiple trees count as only one User.

"Inactive User" means a User that meets one or both of the following conditions and such condition is intended to remain permanent: (a) the User has been disabled by setting the attribute to "LoginDisabled"; or (b) no login to the User has occurred for at least one hundred and twenty (120) days. To assist with license compliance and verification, it is recommended that Licensee store Inactive Users in a separate container.

"OES" means Open Enterprise Server.

License Grants.

Open Enterprise Server User License. The Micro Focus Open Enterprise Server product may be installed and used on the NetWare platform, the Linux platform, or both. Additional restrictions apply to Licensee's deployment of Micro Focus Open Enterprise Server on the Linux platform. Please see the applicable license grant(s) below to determine Licensee's licensed use of the Micro Focus Open Enterprise Server product. Only one User may use all of the software programs in the Micro Focus Open Enterprise Server product (unless otherwise indicated by the license agreement accompanying a specific software program). The Micro Focus Open Enterprise Server license does not allow use of individual programs included in the Micro Focus Open Enterprise Server product by multiple Users.

NetWare Platform Deployment. Licensee must acquire a User license for each User. Each person who accesses or uses the Licensed Software must have at least one user object uniquely assigned to that person and access the Licensed Software through the user object. Provided that Licensee complies with the requirements in this paragraph and elsewhere in this Agreement, Licensee is authorized to use an unlimited number of copies of the Licensed Software.

Linux Platform Deployment. Licensee must acquire a User license for each User. Each person who accesses or uses the Licensed Software must have at least one user object uniquely assigned to that person and access the Licensed Software through the user object.

Provided that Licensee complies with the requirements in this paragraph and elsewhere in this Agreement, Licensee is authorized to use an unlimited number of copies of the SUSE Linux Enterprise Server portion of the Licensed Software (SLES)

to run OES services for licensed OES Users. In addition, Licensee may use an unlimited number of copies of SLES in support of any other software product Licensee elects to use to service, support, secure or manage OES services for licensed OES Users. However, the foregoing license grants do not permit Licensee to use SLES (or any updates thereto provided in connection with Licensee's OES licenses) to run any software application or appliance that does not service, support, secure or manage OES services. By way of example, line of business applications and high performance computing applications do not qualify for use with the SLES licenses granted herein. Use of the Software deployed on the Linux platform may be on a physical server or a virtual server environment and is limited to use on the x86 and x86-64 architectures.

The Linux platform provided with the Software is a modular operating system. Most of the components are open source packages, developed independently, and accompanied by separate license terms. Licensee's license rights with respect to individual components accompanied by separate license terms are defined by those terms; nothing in this Agreement shall restrict, limit, or otherwise affect any rights or obligations Licensee may have, or conditions to which Licensee may be subject, under such license terms. While the license terms for a component may authorize Licensee to distribute the component, Licensee may not use any trademarks in distributing the component, whether or not the component contains SUSE trademarks.

The Software includes a copy of MySQL in binary code form and in source code form; with respect to the copy in binary code form, Licensee's license rights with respect to that component are, at your election, the GNU General Public License (all versions) or the above license grant for Micro Focus Open Enterprise Server itself.

Inactive User Allowance. A User that meets and retains the qualifications of "Inactive User" (defined above) will not require an Open Enterprise Server license in order for Licensee to retain the Inactive User in Licensee's system.

NetIQ eDirectory Software License. The quantity of licenses for the NetIQ eDirectory software included with Licensee's lawfully acquired licenses of the Micro Focus Open Enterprise Server product is equal to the greater of (1) the quantity of licenses Licensee has lawfully acquired for the Micro Focus Open Enterprise Server product, or (2) 250,000 Users per company/entity. The foregoing NetIQ eDirectory licenses are not upgradeable and are otherwise subject to the license agreement accompanying the NetIQ eDirectory software. The eDirectory entitlement can optionally be hosted in a separate eDirectory tree installed and updated using the OES media.

By way of example only, if Licensee purchases and deploy ten thousand (10,000) OES user licenses and in addition Licensee deploys three hundred thousand (300,000) eDirectory user objects which only authenticate against eDirectory running on OES with no access or use rights to any portion of the OES Licensed Software other than eDirectory, then 250,000 of the 300,000 user objects utilize the 250,000 eDirectory user license entitlement and Licensee may purchase 50,000 Limited Use OES user licenses or 50,000 OES user licenses for the remaining usage.

Limited Use Open Enterprise Server User License. If Licensee's use of the Open Enterprise Server product is limited as follows, then Licensee may acquire a Limited Use Open Enterprise Server User license ("Limited Use License") for each User of the Licensed Software as an alternative to the Open Enterprise Server User license. The Limited Use License is restricted to deployments of the Licensed Software in environments where OES and NetIQ eDirectory are concurrently used to provide access only to user authentication services. Each User must be in an eDirectory replica hosted on an OES Server. To assist with license compliance and verification, it is recommended that Licensee store Limited Use Users in a separate container or separate tree. Use of the Licensed Software to access or provide access to any other OES service (including but not limited to file services, print services and domain services for windows) is prohibited under the Limited Use License. Product license entitlements that are provided through maintenance for Open Enterprise Server licenses are not included with the Limited User License unless expressly and specifically stated to be a benefit of maintenance for the Limited Use License. By way of example only, OES maintenance customers may be entitled to use the Micro Focus Filr and Micro Focus iPrint products during the term of their OES maintenance period. Such entitlements do not apply to the Limited Use License.

Inactive User Allowance. A User that meets and retains the qualifications of "Inactive User" (defined above) will not require a Limited Use License in order for Licensee to retain the Inactive User in Licensee's system.

NetIQ eDirectory Software License. The quantity of licenses for the NetIQ eDirectory software included with Licensee's lawfully acquired Limited Use Licenses is equal to the quantity of Limited Use Licenses Licensee is lawfully acquired for the Micro Focus Open Enterprise Server product. The foregoing NetIQ eDirectory licenses are not upgradeable and are otherwise subject to the license agreement accompanying the NetIQ eDirectory software. The eDirectory entitlement can optionally be hosted in a separate eDirectory tree installed and updated using the OES media.

By way of example only, if Licensee purchases and deploy ten thousand (10,000) OES user licenses and in addition Licensee deploys three hundred thousand (300,000) eDirectory user objects which only authenticate against eDirectory running on OES with no access or use rights to any portion of the OES Licensed Software other than eDirectory, then 250,000 of the 300,000 user objects utilize the 250,000 eDirectory user license entitlement and Licensee may purchase 50,000 Limited Use OES user licenses or 50,000 OES user licenses for the remaining usage.

Micro Focus Cluster Services. Licensee must acquire a license for each installation of the Micro Focus Cluster Services product and for each additional copy (or partial copy) of the Licensed Software stored or loaded in memory or virtual memory beyond the initial copy necessary for execution of the Licensed Software installed on the hardware.

Two Instance License Entitlement for Cluster Services with OES. Included with Licensee's lawfully acquired licenses for the OES Licensed Software, Licensee also receives two (2) instance licenses to the Micro Focus Cluster Services product at no additional charge to use with up to two nodes in each server clustering system. Regardless of the quantity of OES licenses Licensee acquires, the foregoing free instance licenses are limited to two (2) instance licenses per cluster for use with the OES Licensed Software. If Licensee desires to use Micro Focus Cluster Services on more than two nodes in any server clustering system, then Licensee must purchase a license for each additional instance of Micro Focus Cluster Services. These licenses and Licensee's use of the Micro Focus Cluster Services product is subject to the terms and conditions of this Agreement.

Domain Services for Windows (DSfW). DSfW is intended for small scale deployments but can be successfully used in Large Scale Deployments after addressing the additional complexities described in the documentation. Licensor recommends that Licensee utilize services from Micro Focus Consulting Services or a qualified Micro Focus Partner in conjunction with any deployment of DSfW that involves more than three domain controllers or more than 2,000 active users ("Large Scale Deployment"). If a Large Scale Deployment does not comply with the Best Practices Guide for DSfW included in the OES documentation, Licensor may require that

Licensee obtain qualified consulting services as a prerequisite before opening or continuing with service requests for DSfW through Micro Focus support services.

Cloud Integrated Storage (CIS). Utilization of CIS presents additional complexities and therefore requires written permission from Licensor to ensure that all terms of use are understood and accepted. Licensee may request permission to use CIS by contacting Licensor via email addressed to OES@MicroFocus.com and including "CIS" or "Cloud Integrated Storage" in the subject line.

ANNEX 2, SPECIFIC SOFTWARE TERMS

Notice Regarding Collection of Telemetry Data. The Licensed Software may collect statistical data about Licensee's use of the product (e.g. product version and quantity) on an anonymous basis for purposes of product improvement. This data will not be associated with Licensee and will not be used to identify individuals utilizing the Licensed Software. By entering into this Agreement, Licensee expressly consents to the collection of this data in this manner. In addition, Licensee may optionally provide Licensee's express consent when utilizing the Licensed Software to associate Licensee's identifying information with the data collection, which may enable Licensor to offer suggested improvements to Licensee's specific usage of the Licensed Software.

Hosting Restrictions. In the event that Licensee desires to have a third party manage, host (either remotely or virtually) or use the Licensed Software on Licensee's behalf, Licensee shall (1) first enter into a valid and binding agreement with such third party that contains terms and conditions to protect Licensor's rights in the Licensed Software that are no less prohibitive and/or restrictive than those contained in this Agreement, including, without limitation, the Verification section; (2) prohibit use by such third party except for the sole benefit of Licensee; and (3) be solely responsible to Licensor for any and all breaches of the above terms and conditions by such third party.

Evaluation Software. If the Licensed Software is an evaluation version or is provided to Licensee for evaluation purposes, then, unless otherwise approved in writing by an authorized representative of Licensor, Licensee's license to use the Licensed Software is limited solely for internal evaluation purposes in non-production use and in accordance with the terms of the evaluation offering under which Licensee received the Licensed Software and expires ninety (90) days from installation (or such other period as may be indicated within the Licensed Software). Upon expiration of the evaluation period, Licensee must discontinue use of the Licensed Software, return to an original state any actions performed by the Licensed Software, and delete the Licensed Software entirely from Licensee's system and Licensee may not download the Licensed Software again unless approved in writing by an authorized representative of Licensor. The Licensed Software may contain an automatic disabling mechanism that prevents its use after a certain period of time.
